

**Specification portions showing changes made on June 3, 2005**

The following sentences are added at the end of the first full paragraph (line 18) on Page 5

Fig. 1 and 2 show that end flange 24 lies in the vertical y-z plane; and that bottom flange 22 lies in the horizontal x-y plane. The bottom flange runs from the bottom ends of the end flange, along the bottom of shell 46, and extends outwardly from the y-z plane. Fig. 1 shows how buttresses 38L, 38C, 38R, 40L, 40R and their outward-facing surface portions run upwardly from the bottom flange 22.
